

Kentucky students, parents, and teachers deserve the best opportunities that are right for them.

What you need to know about voting YES ON 2...

Amendment 2 will:

- Empower parents to have more control over their child's education
- Give more opportunities to all students regardless of their background
- Provide more opportunities for students with special needs
- Result in a pay raise for teachers as it has in our neighboring states, Ohio and Indiana
- Increase funds for Kentucky education

The FACTS:

- Kentucky is one of 2 states (North Dakota) that does not offer students and parents educational opportunities from school choice.
- Every state around Kentucky has educational opportunities like those in Amendment 2.
- As it stands today, wealthy students have school choice in Kentucky. It is the less advantaged students who are not able to seek the education that fits their needs.
- Kentucky's education structure was established in 1891. A lot has changed since then, but the structure has not.
- Amendment 2 does not create any new programs. That decision is up to Governor Beshear and the Legislature to determine what any programs may or may not look like.

What will you see on the ballot?

To give parents choices in educational opportunities for their children, are you in favor of enabling the General Assembly to provide financial support for the education costs of students in kindergarten through 12th grade who are outside the system of common (public) schools by amending the Constitution of Kentucky as stated below?

"The General Assembly may provide financial support for the education of students outside the system of common schools. The General Assembly may exercise this authority by law, Sections 59, 60, 171, 183, 184, 186, and 189 of this Constitution notwithstanding."
